SQL · MySQL · SQL Server · REST APIs · Swagger

PROGRAMMING
Python · JavaScript · Java

DELIVERY & TESTING
JIRA · Quality Center · UAT · Release support · Agile · Waterfall

PROFESSIONAL EXPERIENCE

Senior Software Engineer
Oct 2025 – Present

Quess Corp. · Bengaluru, Karnataka

- Led creation and deployment of Power Apps and K2 packages across DEV, QA, UAT and PROD with version control and rollback safety.
- Authored Swagger definition files to standardize REST API documentation and consumption within K2.
- Integrated Power Apps and K2 with SharePoint Online (document management, form submissions) and SAP via custom endpoints and middleware.
- Supported UAT and production deployments; built complex workflow applications with Nintex, K2, Power Apps and SharePoint.

Software Engineer
Oct 2021 – May 2025

Qantler Technologies Pvt. Ltd. · Chennai, India

- Designed and executed **30+ test cases** for SharePoint-based web applications, reducing bugs by **30%**.
- Led K2 package deployments across DEV, QA, UAT and PROD with version control and rollback safety.
- Maintained Swagger definitions; integrated K2 with SharePoint Online and SAP using custom endpoints and middleware.
- Performed manual testing on Admin Center and Document Management System; tracked defects in Quality Center with developers.
- Supported UAT and production deployments; worked on complex workflows using Nintex, K2, Power Apps and SharePoint.

Software Developer
Apr 2019 – Mar 2020

Ad hoc Technologies · Trivandrum, Kerala

- Developed Python/SQL-based websites and coordinated integration and system testing before major releases.

Data Processor · Standout IT Solutions Pvt. Ltd., Trivandrum — **Apr 2018 – Mar 2019**

Sales Officer · Hercules – Maruti Suzuki, Trivandrum — **Jul 2017 – Apr 2018**

SELECTED PROJECTS

RENAULT & NISSAN

Test Park Management – Vehicles

Vehicle-booking, scrapping and insurance approval workflows with smart forms and custom web portal integration; analysis through UAT deployment.

CANVAS POWER APPS · POWER AUTOMATE · SHAREPOINT 2019

RENAULT & NISSAN

Service Quality Rating

Approval workflows for purchase quotation creation and quality management, with smart forms and portal integration.

K2 FIVE · NINTEX · SQL SERVER

AUSTRALIA · MANUFACTURING

AI-Powered Employee Support Chatbot

Copilot Studio chatbot in Teams for request status, FAQs and service requests, with escalation; reduced manual support effort and response times.

POWER VIRTUAL AGENTS · POWER AUTOMATE · TEAMS
